MEMORANDUM FOR Staff Judge Advocates

SUBJECT: JAG Training Opportunities at the U.S. Army Intelligence Center (USAIC), Ft. Huachuca, AZ

1. After action reports of Judge Advocates returning from deployments have identified a lack of intelligence law training as a shortcoming. The Intelligence Law Instructors at USAIC have identified training opportunities at the Intelligence School you may want your deploying JAGs to attend. A limited number of JAGs will be allowed to attend training designed for MI personnel with our JAG instructors adding some specialized briefings tailored to JAG needs.
2. The core of this training is the *2X Course. This is the Human Intelligence (HUMINT) Managers course, and provides a basic overview of HUMINT and counterintelligence (CI) operations at all levels - Brigade, Div, Corps and Theater. The *2X program of instruction is real-world, mission focused, and Army-centric training that can easily be employed in a Joint or Coalition environment.
3. The Intelligence Law Instructors will give the JAGs detailed instruction on the legal framework for intelligence collection operations, as well as copies of legal training materials used in training the collectors at USAIC. They will also be briefed by Intelligence Collection professionals, including CI Agents, HUMINT Collectors and Military Source Operators, to provide them with a basic understanding of these collection operations, and the collectors' legal support requirements.
4. Depending on the timing of the TDY, additional training opportunities may be available, such as sitting through the Interrogation Approaches class, a variety of Source Ops or CI classes, or observing or participating in the capstone field-training exercises for the students.
5. During FY 07, there are 15 *2X iterations. This will expand to approximately 30 iterations during FY08. Two to four JAGs could audit the *2X course and receive the desk-side briefings. This would take between 5-8 working days. Coordination should take place at least 6 weeks out, although 8-10 would be better.
6. Any SJA's interested in taking advantage of the training should have their officers contact CPTs Jim McGhee or Matt Lund at 520-533-9503/0979. If they are not available contact the Huachuca SJA office at 520-533-2095.
